A plan is on foot to bring 100,000 milita men to Chicago during the World's Fair. A camp will be laid out contiguous to the World's Fair capable of accommodating from five to six thousand, and be given to the different States in turn to camp for one week.

The type setting machine may yet reach perfection, but it can never occupy the space held in the editor's affections by the intelligent compositor, who meekly shoulders the blame for blunders so unique that the writer himself cannot form a conjecture as to what he has written from what appears in print—and generally does not want to.—Oakland Times.

There are some millions of people in the United States to whom the announcement of the abandonment of Castle Garden as a landing place for immigrants brought a flood of tender recollections. The old structure was the witness of many a pathetic scene of which the busy world around was all un mindful, and under its rude, yet imposing canopy, many a young heart paused at the parting of the ways, uncertain which led to success and happiness or which to wretchedness and shame.

THE TRACK AND PAVILION.

Some Good Horses in the Stables—More Will Come Before the Fair Begins—The Best Pavilion in the State.

This very day the District Fair is an assured success. Nothing but a continued shower of rain can effect us now. The Directors have taken hold with so much vim and evident appreciation of the work before them that it already seems to be in motion. Horsemen all over the country are watching this district with care and not a day of the six will pass without some good records being made. Every precaution is being taken to keep the track in fine condition for the horses in training. The following flyers are at the track. Their names are given together with owners:

Chauncey Hoffman of Carson—Silver, trotter.

Hy Martin, Lake Valley—Hyrum E, Minnie B, runners.

C. T. H. land of Mason Valley—Bix and Monarch, trotters.

Addison Bailey of Mason Valley—Whirlwind, trotter.

E. Bennett of Silver City—Tom Pepper, pacer, and Billy Maguire, trotter.

Bob Grimon of Carson—Esmeralda, trotter.

M. Spooner of Carson—Bobb, trotter.

George Black of Smith Valley—Sam, trotter.

D. Circe of Carson—Prince, pacer.

J. B. Haywood of Smith Valley—Royal George, trotter.

M. Peppers is expected every day with Johnny Hansen's You Bet, Sagebrush Kate and a few horses belonging to Lem Allen.

He will bring about six in all.

The above is only a list of the animals here at present, but the fact that twenty new stalls are being built indicate that many more are expected between now and the 28th, or as soon as the other fairs in the adjoining districts move over.

W. C. Noteware has handled the office of Secretary like a man of past experience, is running the business right up to the top notch and the money of the Association will not be wasted while Warren holds the combination. He stated to the writer that applications for space in the pavilion are constantly coming in and will be assigned when the paper hangers have completed their work. The electric lamps will supply lights for the interior, the two end lamps to be swung about midway between ceiling and floor so as to cast their rays under the balcony running around the hall. The third will be in the center and hung near the ceiling, thus casting plenty of light into every nook and corner.

The APPEAL's suggestion of a ladies' toilet room has been followed.

Graders are at work on the grounds, and will have them leveled up in a short time.

Everybody seems to be taking great interest in our little community of workers, but none more than

THE LADY DIRECTORS.

There is nothing complete without their assistance, and many an ordinary piece of work will be beautified by the dainty hand of woman in its final arrangement.

They extend a general invitation to those who will cooperate with them, and ladies desirous of exhibiting specimens of their work at the County Fair are requested to meet at the residence of Gov. Colecord tomorrow afternoon at 3 o'clock. It is earnestly hoped that all the ladies of Carson and vicinity will take an active part and display their work.

The pavilion is especially fitted for a good display, and it is to the interests of all that it should be made attractive.

Do not wait for a personal solicitation, but volunteer your work and good will.

Sickness Among Children.

Gov. Ponjade in It.

The Enterprise says of the shabby genteel party in Virginia on the 11th.

Lieutenant Governor Ponjade came up from Carson on business yesterday and stayed for the dance. A friend had lent him a pretty decent suit of clothes in which to visit the city and make a becoming appearance, and this suit won him a second prize. It is made of some kind of coarse cloth—a sort of average between a light brown and dirty gray, and did not fit him very well; the coat bulges out in the back and the pants are too long. He informed the committee that the clothes fits the owner nicely, and it is probable that the colored friend of his will feel prouder than ever of his Sunday suit when he learns that it gained a second prize of a large can of smoking tobacco—good cut plug—and two clay smoking pipes.

San Francisco, September 11.—A large mass meeting was held at Metropolitan Hall this evening in the interest of free coinage. Addresses were delivered by Senator Stewart and others. There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely in your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
